

APPLICATION *(Note: the application form follows on pages 2-3)*

What is CommUNITY?

CommUNITY is a national movement of leading communities taking action to improve adolescent and young adult (AYA) immunization coverage, within the context of preventive healthcare. CommUNITY is sponsored by Unity Consortium¹, a respected, thought-leading organization comprised of diverse experts focused on AYA health and immunization.

Why participate?

CommUNITY works to improve vaccination rates among AYA. Participating organizations benefit in many ways:

- **Receive resources and support** – Unity provides a Toolkit with resources and best practices to jumpstart and guide you.
- **Engage your organization members and increase their commitment** – CommUNITY focuses and activates members around agreed upon goals.
- **Grow your network** – Collaborate with like-minded organizations and experts, share best practices and generate new ideas.
- **Recognize and promote your organization’s achievements** – Activities are featured at national conferences, in publications, and through Unity digital/social channels.

How can my organization participate?

This is a **limited** opportunity. Interested organizations must apply to describe their community’s adolescent and young adult vaccination needs, and organizational qualifications and interest. Unity will select participating organizations from applicants based on goal alignment, capabilities and commitment to action, specifically:

- Champion/leader with ability to organize and motivate
- Community stakeholders interested in participating
- Goals for increasing teen and/or young adult vaccination rates
- Ability to measure impact and share results with Unity

Unity will review applications on a rolling basis and decide on CommUNITY acceptance within 8 weeks of application submission.

Additional questions? Contact Kim Wolfe at kim@inkleinconsulting.com.

¹ Unity Consortium is a non-profit 501(c)(3) organization with diverse members and a common objective – to improve adolescent immunization coverage within the context of preventive health. Unity members, liaisons and leadership represent professional/trade organizations, coalitions/educational organizations, government institutions, providers, technology and communications organizations, and vaccine manufacturers. For more information about Unity, visit <https://www.unity4teenvax.org>.

APPLICATION

Evaluation Criteria

CommUNITY participation is limited in 2020, so apply now. Unity will continue to accept applications for participation in 2021. Evaluation criteria include:

- Champion/leader with ability to organize and motivate
- Community stakeholders interested in participating
- Goals for increasing teen and/or young adult vaccination rates
- Ability to measure impact and share results with Unity

Instructions for Completing Your Application
